CANTON RAILWAY SERVICE.

NO THROUGH TRAINS YET.

Chinese Section to Resume.

In view of the fact that announcements have been recently made by the Canton Authorities to the effect that the Chinese section of the Kowloon-Canton will shortly be opened for traffic, a *Telegraph* representative has today made enquiries with a view to ascertaining whether there is any likelihood of an early resumption of through traffic.

We learn that the British railway authorities have been informed that the Chinese section is expected to resume working sometime this week. A few days ago Mr. Boothby, the British Engineer-in-Chief of the Chinese section, came through by train from Canton to Shum Chun, the line having been completely restored. On the British section trains will run as hitherto, but there will be no through trains at present. The Chinese section will be run entirely independently of the British, but it is expected that at least one Chinese train a day from Canton will arrive at Shum Chun in time to meet a train over the British section, and that a Chinese train will start from Shum Chun just before eight o'clock in the morning by which passengers leaving Kowloon at 6.40 a.m. could continue their journey. It will be a case of re-entraining both ways, for no British rolling stock will travel on the Chinese section, for the present at any rate.

During the fighting which interrupted all traffic since October last, the track on the Chinese section was cut through in several places, but this has now been repaired. Some of the stations were very badly used by the soldiery, the wood work of windows and doors having been removed for firewood and all tickets and documents burned. No damage was done to bridges, but a good deal of the rolling stock was damaged. Enough has been put in order, to permit of a curtailed service. There was a small quantity of British stock on the Chinese section when fighting broke out, at least 11 trucks and one passenger coach still being on that side. Some of it is known to be damaged, but claims have been presented in respect of it. It might be that through traffic will be resumed before long. So soon as it is proved that the Chinese section is being properly run and that the authorities are capable of preserving anything sent over their line, the British authorities will be quite prepared to resume the old arrangements.

When it is remembered that no express through train has been run since April last year and that no slow train has been run since October, it will be realised what a great loss of traffic has been sustained. Regarding goods traffic, nothing has yet been decided upon, but goods could possibly be sent to Shum Chun and there transferred to Chinese wagons. Further announcements will possibly be made later.

MOLLER CASE.

JUDGMENT FOR OVER. TLS 15,000.

INSURANCE ON SEIZED SHIPS.

(Our Own Correspondent.)

Shanghai, April 27. The British Supreme Court has given judgment for 150,896 Taels against Mr. Eric Moller, former head of the defunct Moller Steamship Company covering insurance premia on ships seized during the war by the Hongkong Government.

Mr. H. P. Wilkinson, representing Mr. Moller, said defendant allowed the claim to come forward as a direct consequence of the commandeering of his ships by the Hongkong Government, adding "as defendant could not pass an Act of indemnity relieving himself of responsibility, he had no option but to consent to judgment."

ARMS ON "ON LEE."

CHINESE GETS TWO YEARS

At the Criminal Sessions this morning, before the acting Chief Justice, Lui Chung was charged with unlawful possession of arms.

Mr. T. Hazlerigg, the Crown Solicitor, said that prisoner was discovered at 1 p.m. on March 17th on the s.s. On Lee, in the ladies' compartment, and directly after he had been ordered out a parcel containing ammunition and the material parts of a rifle were found underneath one of the bunks.

The boat was clear of passengers at 7 o'clock that morning and was not due to sail until 7 o'clock in the evening. The police did not arrive for the purpose of searching passengers until 2 p.m. When searched, prisoner was found to have no ticket nor any money with which to buy one, so that he was not a bona fide passenger and had no right at all on the On Lee.

The watchman, Wong Chung, said that he was instructed by the commodore to search the boat at 1 p.m. on March 17th. He opened the door of the ladies' compartment and saw prisoner sitting on a bunk about two feet from the door. He told him he had no right there and ordered him to leave. When he had gone, witness flashed his torch underneath the bunk on the opposite side to which prisoner had been sitting and noticed a parcel. He called out to the members of the crew to stop prisoner and they brought him back to the compartment, where he denied knowledge of the parcel.

Other members of the crew deposed to arresting prisoner. Prisoner made a statement in which he said he had met a man the previous day who asked him to see him on the On Lee. He saw a man come out of the compartment, and, not noticing whether it was a gentleman's or a ladies' compartment, prisoner went in. He was not inside the compartment when he met the first witness.

Sentence of two years' hard labour was passed.

AMERICAN FLIERS.

THE LATEST REPORT.

Tokyo, April 27. A message from Paramushiru says the American fliers are expected to arrive on Thursday at the earliest, with luck, from Attu, according to official word from them, but conditions, uncertain winds, heavy fogs and below freezing temperature portend difficulties.—*Reuter*.

CARPENTIER'S NEXT FIGHT.

Vienna, April 27. Owing to bad weather, the Carpentier-Townley fight has been postponed until Thursday.—*Reuter*.

THE ALLIES AND GERMANY.

FRENCH HOPES OF A SETTLEMENT.

(Reuter's Service.)

Paris, April 27. The Allied replies to the experts' reports are most favourably commented on by the press. The papers emphasise the conciliatory nature of the replies and declare that though there may still be certain divergencies and the Allied conversations may be long and delicate, no difficulty is insurmountable and there is every hope that agreement will be reached.

German Chancellor's Advice.

Paris, April 27. A message from Duesseldorf states that the German Chancellor in an electoral speech advocated a policy of execution of treaties, thus helping the Franco-German rapprochement. The Right or extremist advent of power would be a disaster for Germany and mean the collapse of the whole of Europe. Fanatical patriotic propaganda was a crime against the German people. He noticed that the nearer he came to occupied territory the more reasonable the inhabitants were, and the further removed from ultra-nationalist ideas.

WUCHOW NEWS.

(Our Own Correspondent.)

Wuchow, April 24.

The situation in this province at the moment is extremely peculiar. In the first place, General Shum Hung-ying, as you have already reported has gone over to Dr. Sun. General Ngai Bong-ping, as is well known, is supposed to be one of Dr. Sun's supporters, but it will be recalled that a little over a year ago General Shum tried to do away with General Ngai and was instrumental in having him detained. Later, General Ngai attacked General Shum on the West River and caused him to evacuate Wuchow. These two men are bitter enemies, and it would be interesting to know what General Ngai thinks of this new ally of Dr. Sun's.

On the West River, we have Li Chi-sam (Wong Shu-hung's man) at Shuihing and at Tak Hing we have Chang Ying (Kee Ngai's lieutenant).—Sun only recently asked these Commanders to protect this river and not allow his enemies to retake it. Does General Ngai acquiesce? Last week, Ho Choy-kit, a Commander of Shum's, issued from his quarters at Chu Ping, about a day from here on the Fu River a circular telegram calling upon all the loyal people of Kwangsi to rise against Luk Wing-ting and oust him from this Province and this way bring about the unification of Kwangsi. News came through yesterday that Shum's man, Hon Choy-fan, was attacking loyal Kwangsi forces round about Kweilin the fight had been in progress three days. I do not know the result.

Gen. Ma Chi is somewhere near Chungchow (Hunan-Kwangsi border). He is well equipped and has a good supply of munitions. Gen. Luk met him in conference last month. I do not think that Gen. Ma will advance until he knows of some genuine fighting on the East River.

Gen. Wong Shu-hung has made preparations here by calling upon the Coastal Defence Bureau to send some of the armed launches and a couple of small gun boats to this port. I think they must have come from Kowloon. They are all anchored in the Fu River. Gen. Wong is supposed to be down with smallpox in the Stout Memorial Hospital.

Gen. Luk has the full support of the people right through the province. Everyone would be pleased to see the usurpers ousted; they kill trade, while Luk fosters it.

The 20-cent pieces minted here will not be accepted elsewhere. At Liuchow the dealers will only accept them at about 40 per cent discount. The new Kwangtung 20-cent pieces will not be accepted even by Dr. Sun's adherents.

SEEKING A JOB.

HOW HONGKONG RESEMBLES SINGAPORE.

At the Kowloon Magistracy this morning, Albert Elmsner, an American, pleaded guilty to a charge of stowing away on board the s.s. Thesusus from Singapore.

Sub-Inspector Spear told his Worship (Mr. E. W. Hamilton) that defendant gave himself up after the ship had left Singapore. He was given work on board and therefore more or less worked his way to Hongkong.

Defendant said that Singapore was no place for a white man to obtain work.

His Worship:—Neither is Hongkong.

Defendant was remanded for 24 hours until he saw the American Consul about sending him home again, his Worship saying that he did not wish to inflict a heavy punishment, as defendant had been given work to do on board.

COURT SCENE.

WOMAN REMOVED FROM DOCK.

Protesting that she had been let down badly by the man who was in the dock with her, in a case in which the two were charged with being in possession of 100 taels of raw opium, a Chinese woman refused to proceed with the constable to the cells after receiving sentence from Mr. R. E. Lindell at the Police Court this morning.

A fine of \$1,000, or six months, had been imposed and she had to be removed by the exercise of force.

Revenue Officer Grimmett said that when the floor on which the defendants lived was raided, a parcel was thrown over the verandah into the street and when this was recovered it was found to contain the opium.

The plea made by the woman was that the parcel had been given into her keeping. On his side, the man denied all knowledge of the parcel, hence the wall and shedding of tears in the Court when the woman received her sentence.

NEW SPRINT RECORD.

Des Moines (Iowa), April 27. Charles Paddock sprinted 125 yards in 12 seconds. This is believed to be a world's record.—*Reuter*.

BOY SCOUTS.

PRINCE OF WALES BANNER COMPETITION.

The second Boy Scout Rally Competition for the Prince of Wales' Banner took place at the Volunteer Defence Corps headquarters on Saturday. The total rally strength was 180, which included 18 Scouts. The banner, presented to the Scouts by the Prince of Wales, is awarded to the Troop which secures the highest points in the Competition. Rallies during the year, and for the general efficiency of the Troop as shown by the number of 'efficiency' badges obtained yearly.

On Saturday, Sir Chaud Severn and the Hon. Mr. R. H. Kotowall made a general inspection, and complimented the Scoutmasters on the strength and smartness of their respective troops. Then followed a close inspection by the D. S. M. who awarded points for good average turn-out, punctuality, correctness of kit, and personal cleanliness.

Tests were then given in Observation (Examiner, the Deputy Commissioner, C. Champkin), Practical Compass Work (Examiner, S. M. Tarrant) and Map-Reading (Examiner, D.S.M. White) in which squads of not more than four competed.

For the Troop Contest, instructions in sealed letters were issued to the Senior Patrol Leaders of each Troop. These instructions required a knowledge of Troop Formation Drill; first-aid to the injured, which included dealing with a serious head wound, and a fractured forearm. Verbal reports to a doctor of the injuries sustained, and demonstration of the "Fireman's lift" were required, as well as various knotting tests. Mrs. Dr. Minett kindly consented to assist the examiners in the Troop Contest, and her advice in awarding points in this keen competition was invaluable.

Before the announcement of the results the troops formed up into the horse-shoe formation, and were addressed by the Deputy Commissioner, who on behalf of the Association thanked Dr. Minett, and the visitors who had shown by their presence that they were interested in the local Scout movement. He then presented a District Scoutmaster's Warrant to Mr. A. White, and a Scoutmaster's Warrant of the 12th. (Central British School) Troop to Mr. G. J. Tarrant; and, in accordance with the Boy Scout Association rules these two Scouters made the three-fold Scout Promise in the hearing of all present. The results given below were then read out, and the Rally winning troop loudly applauded by the other troops.

The singing of the Engonyama Chorus, cheers for the visitors and examiners, and the singing of the National Anthem brought to a close a very successful Scout Rally.

The visitors who watched the various competitions with close interest included Mr. G. M. Young and friends, Mr. and Mrs. Hancock, Rev. V. H. Copley Moyle, Rev. C. Porri, Mr. C. D. Melbourne, Mr. Nightingale, Mrs. Champkin, Mrs. White, and others.

A NEW FEATURE.

On Page 6 of this issue will be found a new feature in the form of a brief two-minute article, written by Robert Power, for which the *Hongkong Telegraph* has secured the exclusive local rights. One of these articles will appear daily in our issue, and we feel sure that they will be much appreciated. They have been well described as "literature in tabloid form," and they provide much food for thought, being straight talks on life's many aspects.

This is an all-British feature, which will be found to provide a daily tonic for mind and spirit. Make a point of reading this feature every day in the *Telegraph*.

FOUND WITH DAGGER.

THREE YEARS' SENTENCE.

A Chinese charged before the acting Puisne Judge, Mr. A. Dyer Ball, with the unlawful possession of arms pleaded guilty at the Criminal Sessions this morning.

Mr. J. B. Nihill, for the Crown, said a Chinese constable was on search duty at the Kowloon Star Ferry wharf when he noticed prisoner approaching him. Prisoner, seeing what duty the constable was on, turned away but was called upon to stop. He did not do so and the constable gave chase, a scuffle ensuing when he caught him. A dagger was found in prisoner's trouser band. In consequence of a statement he made, he was taken to Third Street where he pointed out a man, Fung Pak, whom he said gave him the dagger. This Fung Pak denied.

In passing sentence of three years' hard labour, his Lordship said that it was not unreasonable to infer that defendant was planning some violence.

COMMUNIST OUTBREAK.

Exciting Elections in Berlin.

Berlin, April 27. There were serious disturbances to-night in connection with the electoral meeting of the German People Party.

The Communists blocked the neighbouring streets and seized and belaboured the supporters of the Peoples Party with life preservers and rubber truncheons, until the police were reinforced. Over forty persons were injured. Sixteen arrests were made.—*Reuter*.

NEW LAWYER.

A FINE WAR RECORD.

Mr. James Allen Gordon Leask who has joined the firm of Messrs. George K. Hall Brutton and Co., was admitted to practise as a solicitor and proctor at the Supreme Court this morning by the acting Chief Justice.

Moving his admission, the acting Attorney General, the Hon. Mr. H. E. Pollock said that Mr. Leask was born in 1893, was educated at Fettes College, Edinburgh and Brasenose, Oxford, where he won an Open Classical Scholarship. He was reading for the Indian Civil Service when the war broke out, and he joined the London Scottish in August, 1914. In October, 1914, he was granted a commission in the King's Own Royal Regiment (Lancaster) and he saw service in France from 1919. He was wounded in 1915, was awarded the Military Cross in January, 1918, and was demobilised the following year with the rank of Captain. He was attested to a well-known firm of solicitors in London, but his term of service was reduced to two years in view of his war service. He was admitted to the Roll in 1922.

Mr. Justice Gompertz in admitting him, congratulated Mr. Leask on his splendid military career and academic record, and wished him every success.

THE M.C.L.

A YEAR'S WORK.

We are in receipt of the annual report of the Hongkong Women's Guild and Ministering Children's League, which shows that the net proceeds of the Annual Fete on December 8th and of entertainments held during the year amount to \$18,425.65, a sum which, though not so high as in 1922, is higher than any previous total. The accounts show receipts totalling \$21,075.27 and a balance in hand of \$2,255.86. Details are given of the allocation of funds to various charities and it is explained that the following grants were increased:—Orphan Homes of Scotland by \$35, Netherthorpe Hospital by \$200, Ying Wa Girls' School by \$100 towards building expenses, Baxton Mission Day Schools by \$100, and Victoria Home and Orphanage by \$50, towards typhoon repairs. The following grants were reduced:—M.C.L. Cots at Ottershaw by £40, Children's Ward of the London Hospital by £100 (though known to be always in need of funds, the Hospital has received donations from other sources in the Colony during the year) and Fairlea School by \$200. The school is now incorporated with St. Stephen's Girls College and is no longer in need of so much assistance. A new grant of \$300 was made to the Home for the Aged Poor in Kowloon. The attention of the Executive Committee was drawn to the excellent work now being done by this most deserving institution in caring for the aged poor of both sexes, irrespective of sect or religion. On inquiry it was found that the Home, which is in charge of the Little Sisters of the Poor, has no fixed income and relies entirely upon charitable donations and gifts in-kind from the people of the Colony.

INTERESTING THE CHILDREN.

Efforts have again been made this year, with satisfactory results, to interest the children even more in the work of the M.C.L. Not only have the children themselves contributed largely to the funds, but those in charge of them have never lost sight of the League, and have done their utmost to inspire the children with the spirit of "service and help". The Children's Club has grown so large and so many parents wish their children to join that it should be possible to form more than one "Club" during 1924, if sufficient helpers are available. In addition to the numerous entertainments given by generous supporters to help the various branches, it gives us great pleasure to mention the exceedingly popular and successful aquatic sports for children in aid of the M.C.L. Cots at Ottershaw, which were organised this year for the first time by Lady Rees Davies. It is hoped that this will become an annual event.

During 1923, there were 358 adults and 945 children members on the books of the Guild and League. The efforts made in 1923, to extend the work of the Guild and League over the greater portion of the year was continued in 1923. In view of the unsettled weather on the day of the Bazaar, which undoubtedly interfered with the receipt, this policy has been amply justified. Out of a total of \$18,425.65 made, the sum of \$10,348.29 was handed in to the Hon. Treasurer apart from the bazaar.

ACKNOWLEDGMENTS.

We have also received copies of very warm acknowledgments sent by various Home charities expressing thanks for donations, but considerations of space prevent our giving these in full. They are from Shaftesbury Homes and "Arcthus" Training Ship (\$50), the Orphan Homes of Scotland, the London Hospital, the Officers' Families Fund, the Trafalgar Orphan Fund (£170), the Royal Soldiers' Daughters Home (£170), the "Evelina" Hospital for Children (\$200), and from the Executive of the Ministering Children's League.

Individual range prizes were given and were won as follows:—
200 Yards, N. L. Ralton (who arrived too late for team shoot); 500 yards, D. Reid, 34; 600 yards, D. L. Lyle, 34.

The Title Club prizes won during the season were distributed by Mr. G. M. Young, President of the Club, and were:

The Henderson Challenge Cup: I. T. Swan; 2. C. H. Summers; 3. D. Shearman.
Vice President's Cup, presented by Mr. J. Reid: 1. C. H. Summers; 2. D. B. Bone; 3. M. Wallace.
Donaghy Badge 1924: C. H. Summers. (Range prize, M. Wallace.)
Danby Challenge Shield: C. H. Summers.

Swire Challenge Cup: W. J. Eldridge.
Distributing the prizes, Mr. Young said that the range was not sufficiently used, especially by the more youthful members.

What was wanted was the infusion of younger blood, and with an increase of attendance along these lines, it was hoped to make next year's closing shoot an all day fixture.

Many friends and relatives were in attendance at the range, amongst those present being Mr. K. E. Greig, Mr. J. W. Paton, Mr. J. Danby and Mr. W. Armstrong.

Interpret Contest.
We have been asked to announce that practice for the Interpret competition will commence at the Taikoo Range on Saturday next, and it is hoped that a large number of those interested will attend, so that a really strong representative team may be formed, to compete against Shanghai, Singapore, and Penang. Mr. C. H. Summers, the Hon. Sec., will be pleased to answer any enquiries on the matter from those who would care to hear further particulars.

TILDEN'S RESIGNATION.

YACHTING.**A DISAPPOINTING DAY.**

The weather altogether upset the fine programme of the Royal Hongkong Yacht Club's closing cruise on Saturday, most of the events having to be cancelled. They will, however, take place next Saturday.

The cruisers made their start in good order from Murray Pier at the appointed time and in the heavy weather had quite a good race. The course was to Channel Rock with the finish at the Club House line. Only four English-rigged boats put out, and Azuma came home an excellent winner, beating the champion boat, La Cigale, on level terms. U. and 1 was third home, following La Cigale, but she saved her time on the champion also and took second place.

Ladye Jeanne and Niobe were the only two Chinese-rigged cruisers out. The former was having the better of matters when Niobe's foresail split and crumpled up and she had to go out of the race.

The service boat races were also sailed, the boats standing up to the weather in good style. Seven whalers, four cutters and four galleys started and despite rather wet conditions, had a very good race. H. M. S. Carlisle's boats carried off both the Whaler and Cutter races, while H. M. S. Despatch won the galley's race. It was considered unfit for the ladies to turn out in the racing yachts and the officer of the day, Vice-Commodore Arthur, cancelled the races. It was also thought unfit for the racing fours and eights, and these races were also postponed. Two scratch fours went out for short trips to see what the weather was really like, but they had rather a wet passage. Results:

EARLIER TELEGRAMS.

U. S. IMMIGRATION ISSUE.

London, April 26. The Daily Telegraph's New York correspondent says that religious leaders almost unanimously criticize the American Congress for affronting Japan in a "peculiarly offensive" way. They urge the members of Congress to repair the blunder speedily. The Federal Council of Churches, representing twenty million Church members, has requested Congress to add a section to the Immigration Bill summoning the State Department to confer with the Japanese Government with a view to devising a method of bringing about exclusion based upon mutual consideration and goodwill and postponing the operation of the exclusion clause pending such conference.—*Reuter's American Service.*

Osaka, April 25. The exclusion of the Japanese from America continues to capture public attention here.

The newspapers give full accounts of citizens' mass meetings at Kobe and elsewhere, and the resolutions passed by a large number of organisations interested in international relationship.

Speeches, resolutions and editorials show not only anger at the "smack in the eye," but disappointment with the departure from America's traditional leadership in international peace, racial harmony and human love.

Not only the Japanese, but the American residents are also astir.—*Daily Bulletin.*

ANOTHER AERIAL DISASTER.

London, April 26. An exhaustive search for the missing London and Amsterdam aeroplane has been without result. The pilot and passengers were all Dutch. One was Herr Van Heine, a Dutch Indies planter. British and Dutch aeroplanes have scoured the route all day long. The Dutch machine saw apparent wreckage on the Goodwins at low tide, while the British found oil on the surface of the sea nearby; but it was impossible definitely to establish their connection with the missing machine.—*Reuter.*

Amsterdam, April 27. Aeroplanes and a warship have returned after vainly searching for the missing aeroplane.—*Reuter.*

ANGLO-RUSSIAN RELATIONS.

London, April 26. An earnest plea for a loan as the only way to solve the question of Russia's pre-war debts and to promote Anglo-Russian trade was made by M. Rakovsky in a statement to the press. He declared that the larger part of the money would be spent in England and that orders had already been drafted. He declared categorically that Russia would never concede some of the demands made in the British bankers' recent memorandum, which was an inadmissible attempt to interfere with Russia's internal politics. Neither would property be restored to its former owners; but he suggested that their enterprises might be leased to them on a concessionary basis.—*Reuter.*

BUBONIC PLAGUE IN BOKHARA.

Moscow, April 26. A hundred cases of bubonic plague are reported from Bokhara.—*Reuter.*

HOME FOOTBALL.

THE ENGLISH CUP.

London, April 26.—In the Association Cup Final at Wembley Stadium, Newcastle United beat Aston Villa by two goals to nil. The weather was fine, but after rain in the morning and afternoon, the ground was in a heavy condition. There were 80,000 spectators, including the Duke of York.

Later.—The official figures of the Cup final attendance were given as 105,000.

Throughout the first half the speedy Villa forwards showed superior form, but the splendid work of the Newcastle goalkeeper, and the fine defence of the backs prevented scoring. Newcastle improved in the second half, playing with great dash. Four minutes from the close Harris, the centre-forward, scored a goal at close quarters; and a minute later, Seymour, the outside left, added a second goal, Newcastle thus winning by two goals to nil.—*Reuter.*

Saturday's Results.

London, April 27.—Games played on the 26th, in the First Division, resulted as follows:

Burnley	2	Tottenham	2
Cardiff C.	0	Birmingham	0
Chelsea	1	Sunderland	1
Liverpool	1	Notts County	0
Notts Forest	1	Huddersfield	1
Preston N.E.	0	Arsenal	2
Sheffield U.	2	West Brom. A.	0
West Ham	1	Manchester C.	2

The Middlesbrough and Blackburn Rovers game was not played.

Scottish League.

Queen's Park	0	Ayr United	0
Raith Rovers	1	St. Mirren	1
Airdrie	0	Rangers	0

ANOTHER WORLD RECORD.

Philadelphia, April 26.—In the two mile relay race Boston College won first place. Georgetown University second and Cambridge University third. It is believed the Bostonians' time was seven minutes forty seven and three fifths seconds.—a world record.—*Reuter's American Service.*

consists in overcoming the cause of the trouble—the presence of excess acid in the stomach, which attacks its delicate lining and renders smooth, painless digestion impossible. For this purpose Bismag is unexcelled for it drives away all pain and restores the stomach to its normal state. It does this by neutralising the acid, stopping fermentation, and soothing the inflamed tissues. Try Bismag for yourself! See how quickly the pain goes. See how much better you feel. LET'S ALL TRY FOR

Better Babies!

"It is the sacred right of our children to be as healthy—and therefore as happy—as knowledge can make them."

Every mother realises that MILK is the only food for her infant. What every mother does not realise is that FRESH MILK is the best food for her growing boy or girl long after infancy, and that it is the most valuable and cheapest food right to the end of life.

FRESH MILK is the ideal food as nature has put into it everything that the body must have for healthy life and growth.

The wonderful food value of fresh milk is best seen by comparing it with other articles of special nutritive value. It is possible to do this with scientific accuracy. The scientist tells us that—

ONE QUART OF
FRESH MILK IS
EQUAL IN FOOD
VALUE TO—

Nearly one pound of lean meat.

Nine eggs.

Over one and a quarter pounds of chicken.

Nearly two pounds of fish

Fresh milk is therefore not only the most nutritious and most digestible, it is also the cheapest of foods.

EUROPEAN STORE SWINDLED.

CUSTOMER TAKES GOODS WITHOUT PAYMENT.

A particularly cool thief of goods—socks, neckties and shirts to the value of about \$35—was accompanied by a stranger from Messrs. Lane Crawford's premises on Saturday.

The man, described as of dark complexion, in European dress, walked in about noon and ordered various articles, which were made up, into two parcels. He later rejected one of these bundles, and asked to be shown some further shirts. When the assistant's back was turned, the stranger walked out with the remaining parcel, and has not been heard of since. He had given instructions for the goods to be delivered at No. 17, Seymour Road, to "Mr. D. Mac Dymally." The police are on the lookout for him, but it is thought he was passing through and has left the Colony.

INSURANCE - CO'S. SWINDLED.

Tokyo Resident Charged With Frauds.

Tokyo, Apr. 8. Swindling the fire insurance companies of Y. 300,000 by acts of incendiarism is the charge to be brought against one Chusuke Mori, resident in one of the suburbs of Tokyo, who was caught a short time ago in the act of practising his nefarious trade.

Since January, 1922, Mori is alleged to have on several occasions started a fire in the neighbourhood of a house owned by himself, and when his house was devoured by the flames, to have collected the value of his insurance policy from the company concerned.

His tricks, it is asserted, have resulted in heavy losses to others besides himself, as investigations reveal that through him over 600 houses have been burnt, representing a value of about one million and a half of yen.

It is further alleged that Mori had recently built several houses in different parts of the city, which it is believed he intended to destroy by similar means in order to enrich himself at the expense of the insurance companies.

CAMPAIGN AGAINST MALARIA.

Views of Sir Ronald Ross.

London, April 4. That the English climate is too diabolical even for mosquitoes—was the verdict of Sir Ronald Ross at a luncheon of the Overseas League at the Criterion Restaurant, at which Sir Ronald discoursed on the subject of malaria and other diseases.

He remarked that people in Great Britain knew little about malaria apart from those who contracted it during war or while living abroad. There were, he added, more malaria parasites in a patient's blood than there were human beings in the world, but those parasites could be killed entirely if the patient were given quinine properly for three months. An attempt was being made to establish a Malaria Research Institute, and a very simple way to get it would be to release thousands of infected mosquitoes in the House of Commons. It would be a splendid thing if the British Empire led the way and banished malaria from the Empire, which meant from the world.

Emphasising the need for more medical research, Sir Ronald instanced cancer. He declared that he did not want to harrow their feelings, but one in ten of those present were going to have that disease. It was a very serious matter, but he thought it could be solved very quickly, and if they used the best brains they could buy in the country, it could be done.

STOLEN WHITE HEATHER.

When two Pools men, Harry Raffell (with forty-six previous convictions), and Thomas Vind (with ten previous convictions) were each sentenced at Wimbomborne to two months' hard labour for stealing white heather, value £2, from Sir Evelyn Cecil's estate at Lytchett Heath, it was stated that loads of heather had been stolen and taken in motor cars to Covent Garden for sale. Two of three constables had to be continually on watch when the heather was in bloom.

EARLIER. TELEGRAMS.

COLLISION IN A TUNNEL.

London, April 26. An electric train crashed into the rear of a special standing in a tunnel a mile outside Euston. The latter was crowded with excursionists from Coventry for the Cup Final at Wembley. It is feared that several were killed and injured.

Later. The special at Euston from Birmingham and elsewhere in the North was crowded with Aston Villa supporters. It stopped near the terminus. The majority of the passengers were standing up, getting their wraps and overcoats, when the electric crashed into the rear, where most of the casualties occurred. Rescue work was carried out in the semi-darkness of the tunnel. Many were injured seriously. There were few women aboard the train.

Later. Thirty-five injured passengers were sent to hospital on stretchers improvised out of cushions. Two died. A few had broken limbs, but injuries were mostly slight. All were surprisingly cheerful. Some after their injuries were dressed expressed their intention of going to the Cup Final. Most of them came from Coventry, but four Londoners on the electric train were injured.

Later. It is officially stated that the number of persons injured at Euston is not definitely known, but there are probably twenty. It is stated that two were killed.

Later. Altogether there were fifty injured in the disaster. There were distressing scenes in the dark tunnel where the rescuers were working with light flares and acetylene lamps extricating the injured from the debris. Several coaches were smashed to matchwood. The difficulties and dangers were increased by the stifling fumes from the fused rubber-covered cables, the gases from the train cylinders the also repeatedly catching alight. A conflagration was averted by very prompt application of extinguishers and continuous supplies of water. The relief party wielded pick-axes and crowbars, and in the process the woodwork of the carriages as stretchers. The line was put out of action for the rest of the day.

Later. The deathroll of the Euston disaster has been brought up to four by the death in hospital of two of the injured. The condition of the driver of the electric train, whose legs were crushed, is serious. Others are progressing favourably. Good progress has been made in clearing up the wreckage from the tunnel. It is anticipated that full train service will operate to-morrow.—*Reuter.*

GERMAN REPARATIONS.

Paris, April 27. The Allied Governments' replies to the Reparations Commission regarding the experts' reports have been published. The British Government promises to do its utmost to facilitate the adoption of the reports in all matters coming under the Government's jurisdiction; firstly, the restoration of the fiscal economical authority of the Reich over all territory; secondly, take steps to give a binding effect to new guarantees and controls insofar as they are not clearly covered by the peace treaty; thirdly, the inclusion of all of Germany's treaty liabilities in a single annuity.

The French reply says that the Governments concerned have a right to expect from the Commission a definitive decision embodying the experts' conclusions, supporting them with an argument giving them practical form and completing them on certain points. The Belgian reply accepts the German draft of laws and decrees and the Commission will consider the German draft of laws and decrees and lose no time to prepare measures to enable the plan to be promptly enforced by common agreement between the Allies with whom Belgium is entering into immediate contact. The Reparation Commission has taken the first step in the application of the experts' plans in a dinner which the chief delegates gave to Mr. Pierpont Morgan at the beginning of a campaign of consultation with leading international financiers, including neutrals, especially in connection with the flotation of a German loan.

The Italian reply states that it is prepared to adopt integrally the conclusions and the principles inspiring them. The French Government adds that the Governments can only take useful action after the Commission has completed this work. It states that it must consider under what conditions the present Franco-Belgian guarantees shall be merged or exchanged for those which will be handed as an undivided whole to all the Allies. These operations cannot be effected until Germany has effectively put the plan into execution.—*Reuter.*

Washington, April 27. General Dawes has declined by wireless the invitation to a dinner it was planned to give in his honour. He explains that he and his associates on the Experts Committee had agreed neither to speak nor write regarding the reparations report lest their remarks should invite controversy or be construed as an interpretation of the report.—*Reuter's American Service.*

STEAMER AFIRE.

Adelaide, April 27. The cargo steamer City of Singapore, from New York to South Africa, with a cargo of oil and motor-cars, took fire at Port Adelaide last night.

Fire brigades and river boats were fighting the flames, when a terrific explosion occurred at midnight, killing a fireman, and injuring several, who were sent to hospital. A further explosion occurred two hours later. The fire is still burning.—*Reuter.*

THE CHATHAM MEMORIAL.

London, April 26. The Prince of Wales has unveiled at Chatham one of the three memorials erected at British ports to the memory of 25,563 men and women, who perished in the naval service during the Great War. The memorial at Chatham contains 8,543 names. The Prince of Wales said that it was impossible to erect a monument to these heroes similar to that on the battlefields of France and Gallipoli, for all the seas of the world were their battlefield, and their grave. Through the victory won by their sacrifice the ships of Great Britain still sailed to the uttermost ends of the earth.—*Reuter.*

NEWFOUNDLAND LEGISLATURE DISSOLVED.

St. John, April 26. The Premier announces the dissolution of the Legislature. A general election will follow, probably within a month.—*Reuter.*

RUSSIA AND JAPAN.

Tokyo, April 26. Russia having decided to transfer ten Japanese now under arrest in Vladivostok to Moscow for trial, Japan has instructed Consul Watanabe to apply for permission to send with them an interpreter and a legal adviser.—*Reuter.*

On the 26th February Captain Matsui, a member of the General Staff, and eight other officers and interpreters, were arrested and their residences searched. In reply to a request from the Japanese Minister to Peking as to the reason for the arrest, the Russian authorities explained that they were at liberty to arrest foreigners on suspicion.]

CAMERA NEWS.

The steamer Frangestan, which, with 1,200 pilgrims aboard, caught fire and was eventually abandoned, was recently in Shanghai, and docked at the Yangtzepoo Dock of the New Engineering and Shipbuilding Works, Ltd., for survey. This picture shows the vessel in dock.

The many injuries suffered by jockeys in falls from their mounts, concussion of the brain being the usual result, is the reason for the innovation in turf headgear seen above. It is a safety helmet.

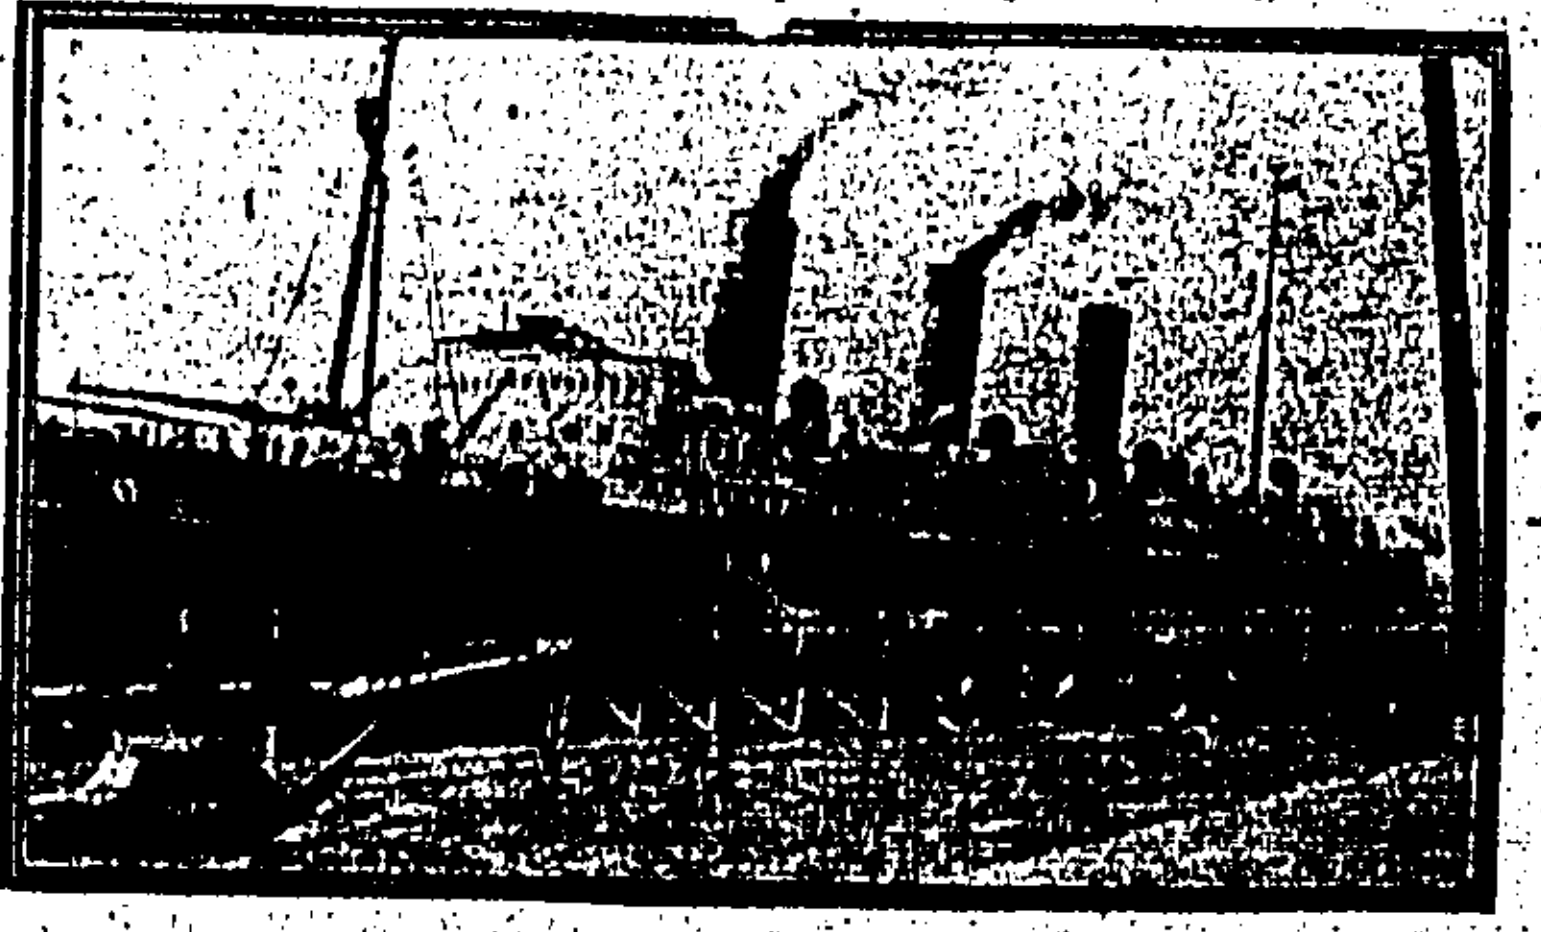

This picture is of absorbing interest in view of the reconstruction of present of the present Custom House, whose clock has told Shanghai people the correct time ever since the building was erected in the nineties. The picture is a drawing of the old Custom House which opened just a few days before the Shanghai Municipal Council was formed in 1854.

Sonorita Mendoza daughter of a former Mexican President, has gone into the movies. She's regarded as the most beautiful woman in all Mexico. The charming senorita is a professional dancer, too. She will appear in London soon.

Twenty-five persons were injured when a bomb explosion wrecked two coffee houses in Detroit. Police declare it a "black hand" plot. On the left is a view of the stairway where the bomb was planted. The picture on the right shows how windows were shattered in St. Mary's school, several blocks away.

The Canadian Pacific Ocean Services Liner R.M.S. Empress of Russia leaving her berth alongside the China Merchants' lower wharf on the Whangpoo. This picture will convey to interested travellers the advantage of the present method of going on board over that formerly necessary when passengers were obliged to make the trying journey to Woosung and transferring to the liner whilst anchored outside.

SCOTTISH SINGER'S VISIT.

A TREAT IN STORE FOR HONGKONG.

Judging from Press cuttings we have seen, Hongkong is to have a treat when Mr. William Henghan, the Scottish singer, appears on the stage of the Theatre Royal next Saturday and on the Monday to Wednesday inclusive.

Mr. Henghan is at present on a world tour under the immediate auspices of the Burns Federation, and has just completed the South African and Indian part of his journey, having had a most enthusiastic reception everywhere he has appeared. Described as the greatest Scottish singer since Andrew Black, he is also one of the most talented and engaging personalities known to the concert platform of the present day. "Welcomed in any programme on any stage," says the *Daily Telegraph*. "His voice has not only great beauty but is essentially a great voice," comments the *Manchester Guardian*. "The *Pall Mall Gazette* and *Glasgow Record and Mail* are equally enthusiastic.

This Scots singer claims descent from the Clan Bognain, hereditary bards and minstrels to the Dukes of Argyll. He is a picturesque figure, over six feet of imposing manhood, muscular, and gifted with a noble voice. He studied first with the famous Professor Albert Visetti in London, and then with the eminent Milanese Maestro Vicenzo Sabatini, who considered William Henghan one of his most successful pupils. He has appeared in most of the principal Opera Houses in Italy, and was for five seasons one of the leading basses at Covent Garden.

When war broke out this young Scots singer joined the 4th Bn. Gordon Highlanders, obtaining a commission, and was latterly volunteer instructor to the officers of the 51st (Highland) Division. On the cessation of hostilities he devoted himself to song—particularly Scottish song—and is now considered the greatest living exponent of that line of vocal art.

WOMEN'S WRONGS.

What A Great Surgeon Said.

One of the greatest surgeons said that he never went to bed without feeling thankful for not having been born a woman. A woman's health handicaps her, almost always. She has pains and disabilities which do not afflict men. Nature does not give her a fair chance. Her blood is more often thin and poor than a man's and she often neglects the first beginnings of ill-health.

Many of the fair sex who seem destined to a life of frequent suffering have been freed entirely from their ailments, through the wonderful blood-making qualities of Dr. Williams' Pink Pills. Women make too light of their troubles. Many a housewife toils all day with a pain in her back and side, a burning headache, and a sense of having no spine left.

What a pity that women will not listen to their friends whom Dr. Williams' Pink Pills have saved from this misery. These pills ought to be taken in the first years of womanhood; they may make all the difference to the health of a lifetime. But when over a woman suffers they will help her—in youth, middle-age, and after-life.

All women should take advantage of the health-help of Dr. Williams' Pink Pills. Of chemists, or post free \$1.50 per bottle, \$3.00 for 6 bottles, from Dr. Williams' Medicine Co., 60 Kingsway Road, Shanghai.

As a lyric artist, with an extensive repertoire of popular melodies and classic pieces, he is probably unsurpassed.

Assisting Mr. Henghan are two brilliant artists, Mr. Dave Kennedy, late comedian of the George Edwards and other musical comedy companies; and Miss Gladys Sayer, a charming pianist of exceptional talent, who has for many years assisted Mr. Henghan in research work by means of which some fine old Scottish folk songs have been preserved.

Booking for the Henghan concert is now open at Messrs. Moutrie and Co.

LIEUT. ARMSTRONG WINS
MARATHON.The annual sports meeting held
under the auspices of the Victoria
Recreation Club took place at
Happy Valley on Saturday after-
noon, and, in spite of the bad
weather, there was a large and
enthusiastic crowd. Some noto-
riously successful were re-
gistered, amongst those being
Urquhart's win, for the second
year in succession, of the 100
yards championship; Chan Tit-
wo's all-round success in the
bicycle events with the aid of a
machine which is understood to
have been assembled by himself;
and Shahabudin's long-jump of
19 feet 9 inches.In the 440 yards there was a
protest raised against the
award being given to Bandman
Mackleworth by the brothers L.A.
and A.E. Carvalho who finished
the course just after the former
had stumbled near the tape and
pitched forward with his head
and shoulders going over the line
before he fell. A meeting of the
judges and stewards was im-
mediately called and the win
was given to Bandman Mack-
leworth.Eight started in the Marathon,
and a new record appeared to
have been established when A.
Indian competitor, closely fol-
lowed by a compatriot, came romping
home in the astonishing time of
33 1/2 minutes. After a time it
was discovered that they had
taken a short cut by Stanley
Gap in spite of the directions
given them by one of the points-
men. Gunner Dhegn Mahomed
and Ismail were accordingly
disqualified and the race was
given to Lieut. Armstrong, who
came in quite comfortably in 45
minutes after the start.During the afternoon, by kind per-
mission of Admiral Sir Arthur Leveson,
the band of H.M.S. Hawkins
gave a well balanced programme of
music.At the conclusion of the meeting
the Hon. Sir Claud Severn presented
the prizes, preceding the distribution
with a characteristic speech.H.E. the Governor arrived at
about 3.30 p.m. but could not re-
main until the end. There were also
present, Admiral Sir Arthur Leveson,
Mr. Justice Gompertz and many
other well-known local residents.
